ENVIRONMENTAL MANAGEMENT

SURFACTANTS BIODEGRADABLE  $\geq 90\%$  ACC.TO:  
**Regulation 648/2004/CE**

**Description:** Overactive neutral cream for extreme and persistent dirt. Its content in broad-spectrum surfactants and solvents allows the removal of all kind of residues such as: greases, oils, soot, varnishes, ... With PVC microgranules.

### Key Properties:

For hand wash at garages, petrol stations, slaughterhouses, graphic arts, where after handling with greases and oils, a quick and deep clean is required.

### Use Instructions:

Put a small portion of cream on dry hands. Rub until dirt removal. Then rinse with plenty of water and dry after.

### Technical Data:

\* **PROPERTIES:** Deep action against dirtiness. Effective cleaning power. Removes residues and overgreasing. Ideal for skin care. Generates a soft foam of grease and oils at nails and cracks, due to its PVC microgranules. Does not harm skin. Scented.

\* **SPECIFICATIONS:**

Appearance: Solid paste

Colour: white

Odour: Scented

PH (20%) : 7 - 8

\* **COMPOSITION:** Anionic and non-ionic surfactants. Aliphatic solvents. Perfume.

### Preservation and Storage:

Keep in its original package tightly closed, protecting it from cold and intense heat. Avoid freezing. Do not expose to direct sunlight

### Security and Handling:

**DANGER.** Contains: Decane. Causes serious eye irritation. May be fatal if swallowed and enters airways. **IF SWALLOWED:** Immediately call a POISON CENTER or doctor/physician. **IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. Get medical advice/attention. Repeated exposure may cause skin dryness or cracking. **FOR PROFESSIONAL USE.**

### Warnings:

In case of accidental ingestion, please contact the National Toxicology Service.
