ENVIRONMENTAL MANAGEMENT

Description:

LIQUID OXYGEN BLEACH WITH PERACETIC ACID, acting at low temperatures (35 ° to 70 °). Whitens and removes stains from all types of textiles. In addition, its content in peracetic acid provides a high sanitizing capacity.

Key Properties:

Acts as a rinse additive during the first rinse, both for white and coloured linen. Removes stains from hospital disinfectants and dyes, as well as bad odours. Can be combined with laundry detergents.

Use Instructions:

For use with automatic dosing equipment: Add 6-15 g / kg of dry clothing (1.2 - 3 ml / l of water to half-filling). pH of use value 9 to 10.5.

Technical Data:

* PROPERTIES:

Product for bleaching and stain removal on all types of clothing, even at low temperatures. Eliminates odours.

* SPECIFICATIONS:

Appearance: Clear liquid

Colour: colourless

Odour: characteristic

pH (20°): 1.0 +/- 0,5

Solubility in water: totally soluble.

* COMPOSITION: Peracetic Acid, Hydrogen Peroxide and Acetic Acid.

Preservation and Storage:

Keep in its original package tightly closed, protecting it from cold and intense heat. Avoid freezing. Do not expose to direct sunlight.

Security and Handling:

DANGER. Contains: Peracetic Acid, Hydrogen Peroxide and Acetic Acid. May intensify fire; oxidizer. Causes severe skin burns and eye damage. May cause respiratory irritation. Harmful if swallowed, in contact with skin or if inhaled. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear protective gloves/protective clothing/eye protection/face protection. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. FOR PROFESSIONAL USE.

Warnings:

In case of accidental ingestion, please contact the National Toxicology Service.

Our TECHNICAL DEPARTMENT will attend any doubts or questions you have about products or applications without obligation.
