PRESENTATION:

MBLM600: 1 bag of 5 l.

Pictograms for use:

Norms approved:

UNE-EN 1276 (Bactericide & y
Contact Fungicide)

Company certified by BVQI:

ISO 9001 / ISO 14001 ENVIRONMENTAL
MANAGEMENT

BIODEGRADABLE SURFACTANTS BY:
Regulation 648/2004/CE

Description:

Neutral pH ultra-concentrated manual detergent, which quickly cleans and degreases all kinds of dirt from raw and / or processed foods. Thanks to its composition, it facilitates drying and prevents bacterial growth in the sponge. It generates a safe, fast and deep cleaning and hygiene. Complies with UNE-EN 1276 Standard. Effective against Salmonella using the pure product.

Applications:

For washing dishes, kitchen utensils, glassware, cutlery, and washable surfaces.

Use instructions:

Dose 40 ml. of product for every 30 l. of hot water from the sink. Rinse abundantly. For a microbicidal protective effect of scouring pads and / or scrub pads, these should not be rinsed after use.

Technical Data:

*SPECIFICATIONS:

APPEARANCE:	Viscous liquid
COLOUR:	Yellow
ODOUR:	Cítric
DENSITY (20°C):	1028 - 1032 kg/m ³
pH:	6,6 - 7

*COMPOSITION: Aqueous surfactant solution.
