Company certified by BVQI:
**ISO 9001 / ISO 14001 ENVIRONMENTAL
MANAGEMENT**

Description:

Hydroalcoholic disinfectant with Bactericidal and Virucidal action to clean all types of washable surfaces. For quick application thanks to its fast evaporating and drying properties. No need to rinse. **Efficacy tested against Coronavirus.**

Applications:

To clean all types of washable surfaces. Ready to use, no need to dilute, for public and private sectors, the food industry and community catering.

Instructions For Use:

Its high bactericidal and virucidal effectiveness has been proven in clean conditions, as it complies with the **UNE-EN 13697** standard for chemical antiseptics and disinfectants, against Escherichia coli, Staphylococcus aureus, Enterococcus hirae, Salmonella typhimurium, Listeria monocytogenes and Pseudomonas aeruginosa, and with the **UNE-EN 14476** standard against Poliovirus, Rotavirus, Adenovirus and Murine norovirus and against encapsulated viruses (Coronavirus, HIV, Influenza A H1N1, Herpesviridae, Hepatitis B, C and D, Measles, Rubella, among others), at 20°C and after 2 minutes of contact, making it suitable for surfaces close to patients.

Use non diluted solution, after a thorough cleaning or during stops between processes, and apply by spraying (at a distance of about 20 cm), immersing or recirculating. Let it sit for a few minutes (at least 2 min), wipe off any remaining dirt or contamination with a cloth or paper, and let it dry. If necessary, repeat the operation. No further rinsing is necessary. Apply when there are no food or feed around. Avoid using the product to clean hot surfaces as it is flammable. Apply to textiles by direct spraying at approx. 20 cm, and let it dry before putting on the clothes or work garments.

Technical Features:

***PROPERTIES:** Bactericidal and virucidal cleaner especially formulated for the deep cleaning and disinfection of all types of washable surfaces.

***SPECIFICATIONS:**

APPEARANCE:	Clear Liquid
COLOUR:	Colourless
ODOUR:	Alcohol
DENSITY (20°C):	825 - 875 kg/m ³
pH:	6,5 - 8,5

***COMPOSITION:** Aqueous mixture composed of alcohols and disinfectants.

Safety and Handling:

ATTENTION. Contains: Ethanol (65.0%), Isopropyl Alcohol (3.1%), Alkyldimethylbenzylammonium Chloride (0.008%), Solvent (qs 100%). Flammable liquids and vapours. Causes severe eye irritation. Keep away from heat, hot surfaces, sparks, open flames and other sources of ignition. Do not smoke. Keep container tightly closed. Store in a well-ventilated place. Keep cool. Wear protective gloves/garments/glasses/mask. IF IN EYES: Rinse thoroughly with water for several minutes. Remove any contact lenses if possible. Continue with the cleaning. In case of fire: Use ABC powder extinguisher for suffocating the fire. Dispose of the contents and/or its container as hazardous waste through an authorised waste manager in accordance with current regulations. PROFESSIONAL USE.

Warning:

In case of accident, consult with your Poisons Information Service (+34 91.562.04.20 for Spanish residents).

Our TECHNICAL DEPARTMENT will respond to any doubt or query regarding the product or its application, without any obligation.
