ENVIRONMENTAL MANAGEMENT

SURFACTANTS BIODEGRADABLES ACC TO:  
**Regulation 648/2004/CE**

### Description:

Chlorinated quick-action triple-action cleaning gel (unclogs, decalcifies, and deodorizes). It stands out for its strong adhesion and high concentration. Thanks to its high dragging power, it easily removes limescale, stains, and build-up. Its container with a directional neck allows for greater reach under the edges as well as on the internal walls of the toilet.

Provides a fresh fragrance. Three scents to choose from.

### Key Properties:

Specially formulated for daily and thorough cleaning of toilets and urinals.

### Use Instructions:

Apply the undiluted product under the edges of the toilet bowl or on the surface of the urinal from top to bottom, letting it act, and rinse after 1-2 minutes.

### Technical Data:

\*PROPERTIES: Concentrated descaling gel. Cleans surfaces deeply and rapidly deodorizes them.

\*SPECIFICATIONS:

APPEREANCE:	Viscous liquid
COLOUR:	Green/Turquoise Blue/Yellow
ODOUR:	Countryside/White Flowers/Lemon
DENSITY (20°):	1047 - 1051 kg/m³
pH:	12 - 13

\*COMPOSITION: Mixture: Perfumed aqueous solution based on hypochlorite and surfactants.
