ECOLABEL RINSE AID FOR
AUTOMATIC DISHWASHER

Usage Pictograms:

PACKING:

NALV150: One (1) 5L bag

Signaling Pictograms:

ECOLABEL REGISTRATION NUMBER:
ES-MD/038/00002

REGULATION 66/2010 FROM THE
EUROPEAN PARLIAMENT & EUROPEAN
COUNCIL

BIODEGRADABLE SURFACTANTS ACCORDING TO:
Reglamento 648/20047CE

Description:

Very effective ultra-concentrated liquid drying and neutralizing rinse aid for the automatic washing of dishes, containers and utensils in the rinsing cycle in industrial machines and self-cleaning ovens for any water hardness up to 40°HF. NON-foaming product in high agitation and temperature environments. Due to its special mixture of surfactants, it accelerates drying and increases the shine of tableware, glassware, cutlery and stainless steel. Completely biodegradable.

Applications:

For cycle or continuous tunnel washing machines. Effective in rinsing at temperatures of 60-85°C.

How to use:

Apply with a peristaltic dispenser in doses of 0.2 to 0.8 g/liter of water with an injection mechanism in the rinsing tank with rinsing cycles of up to 25 seconds or in doses of 0.2 to 0.7 g/liter of water with an injection mechanism in tunnels with journeys of 25 seconds.

Technical Characteristics:

*SPECIFICATIONS:

ASPECT:	Transparent Liquid
COLOR:	Colorless
SCENT:	Characteristic
DENSITY (20°C):	980 - 1020 kg/m ³
pH:	1,7 - 2,7

*COMPOSITION: Aqueous mixture of acids and surfactants

Conservation and Storage:

Store in the original container tightly closed, protecting it from cold and intense heat. Avoid freezing. Do not expose it to direct solar radiation.

Safety and handling:

DANGER. Contains: Propoxylated ethoxylated alcohols. Causes serious eye injuries. IN CASE OF CONTACT WITH EYES: Rinse carefully with water for several minutes. Remove contact lenses when present and can be done easily. Continue with washing. Immediately call a POISON CENTER/doctor. Dispose of contents/container in accordance with regulations on hazardous waste or packaging and packaging waste respectively. Do not eat. Keep out of reach of children. Professional Use

Warning:

In the event of an accident, consult the Medical Toxicological Information Service at 91 562 04 20.

Our TECHNICAL DEPARTMENT will answer without obligation any doubt or query about the product or its application.
