## Description:

ALKALINE COMPOUND FOR TEXTILE WASHING

Alkaline liquid detergent. Effective at any temperature and water hardness. Provides a microbiotic effect as of 67 °C and 10 minutes of washing. 90% biodegradable. Totally soluble in water.

## Key Properties:

Especially developed for the washing of all type of clothing, except for delicate clothing. Can be mixed with the N-3 compound in machines with automatic dosage.

## Use Instructions:

PRE-WASHING: 4 to 8 gr. per each Kg of dry clothes.

WASHING: 6 to 15 gr. per each Kg of dry clothes.

(Dosage as a function of the product percentage, regarding the N-3 compound, the degree of dirtiness of clothing and the hardness level of water. Generally, increase the product dose 0,25 per each kg of dry cloth and per each °HF hardness, as of 20 °HF).

## Technical Data:

\* PROPERTIES: Alkaline liquid detergent for the washing of all type of clothing, except delicate clothing. Effective at any temperature and water hardness. Provides a microbicide effect as of 67 °C and 10 minutes washing.

\* SPECIFICATIONS:

|                |                    |
|----------------|--------------------|
| APPEARANCE:    | Liquid Transparent |
| COLOUR:        | Yellowish          |
| ODOUR:         | Characteristic     |
| DENSITY (20°): | 1251 - 1255 kg/m³  |
| pH:            | 13 - 14            |

\* COMPOSITION:

Mixture: aqueous solution of sequestering agents, alkalis and surfactants.

## Preservation and Storage:

Keep in its original package tightly closed, protecting it from cold and intense heat. Avoid freezing. Do not expose to direct sunlight.

## Security and Handling:

DANGER. Contains Potassium Hydroxide and Trisodium Nitrilotriacetate. Harmful if swallowed. Suspected of causing cancer. Causes severe skin burns and eye damage. Wear protective gloves/protective clothing/eye protection/face protection. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Dispose of contents and / or containers in accordance with regulations on hazardous waste or packaging and packaging waste respectively. FOR PROFESSIONAL USE.

## Warnings:

In case of accidental ingestion, please contact the National Toxicology Service.

Our TECHNICAL DEPARTMENT will attend any doubts or questions you have about products or applications without obligation.
